Explanation of Camera Views

ADJUDICATION BOARD (1):

The Adjudication board resolves ballot issues prior to ballots being run through the ballot tabulator. Adjudication includes:

Enhancement, Duplication and Marking out of unclear marks.

You will see Board Workers using a red pen and/or black dauber with ink to enhance and duplicate ballots.

You will also see Board Workers using white out to remove 'pin dots' or strike through ovals.

TABULATOR ROOM (2):

In this room you will see either the Clerk or Chief Deputy and one staff member running the ballots through the Tabulator (DS850).

You will see the Enhancement, Duplication and Marking out of unclear marks on ballots in order for them to be read by the tabulator.

You will see the use of red pen and/or black dauber with ink to enhance and duplicate ballots.

You will also see the use of white out to remove 'pin dots' or strike through ovals.

OFFICE OF THE CLERK (3):

You will see Christy working in this office. Ballot related activity is signature verification and resolving ballot issues.

CLERK STAFF WORK AREA (4):

You will see Staff working in this area. Ballot related activity is signature verification and resolving ballot issues.

FRONT COUNTER VIEW 1 & 2 (5):

You will see Clerk staff working in this area. Ballot related activity is issuing ballots and resolving ballot issues.

Explanation of Camera Views

OPENING BOARD (6):

The opening board removes the ballot from the return envelope. They ensure each envelope has a ballot enclosed. If not, they will notify the Clerk or Chief Deputy.

They verify the ballots being removed from the envelopes are for the correct precinct.

The ballots are flattened and then placed in the appropriate precinct box.

They will box up the ballot return envelopes after each precinct is completed.
